The President welcomed everyone and the minutes from the previous meeting were approved. There were no matters arising from the minutes.

Matters Arising;

The Societies Chairperson will look at the possibility of adding disclosure training to club and society training.

The President outlined a potential dispute with the University regarding representation on Údarás sub-committees. This dispute is looking less likely to become an issue and he will report on this as it progresses.

Upcoming Events:

Upcoming events were outlined, including Speed Friending, Club's day, Freshers' Fair, First Comhairle October 5th and Sport's day October 8th

Class Rep nominations opened today. Officers were encouraged to push for sign-ups, i.e. do lecture shoutouts. Officers can also nominate themselves and are encouraged to do so.

T-Fund Grant recipient confirmations go out tomorrow.

A question was asked about collaborations with societies. It was determined that the SU can support societies in events they choose to host but won't host collab events. Collaborations can turn into outsourcing SU work which is not ideal. We can put their event in the weekly mailer however.

Buses will be organised to the national protest. There will be more info to follow at next week's meeting.

Meeting ends.
